Dear Sirs,

I thought perhaps you would like to know that the Appliance I had from you for Rupture has proved a success far greater than I ever anticipated. I have not worn it for 6 months now, and although my work is very heavy at times, carrying corn. loading timber, etc., I have not felt the slightest inconvenience.

Thanking you for all you have done for me.

Yours faithfully,

Perfectly Cured.

12, Manor Court Road,
Nuneaton, Warwickshire,

Brooks Appliance Co. Ltd.
Dear Sirs,

I am pleased to say that the Appliance which was supplied to me for my nephew has perfectly cured him of his rupture. He has no need to wear his Appliance now, and has not worn it for some time.

People who have seen him can hardly believe that he has ever been ruptured, so complete is the cure. He is five years old, and was ruptured when four days old. He is now as strong as any child, and I shall feel it a great pleasure to answer any correspondence you care to refer to me, if the enquirer will enclose a stamped addressed envelope for reply.

I feel that I cannot speak too highly of your Appliance, as we have proved the value of its worth. There is no ruptured person but to whom I would recommend it and show them the Appliance, as I have done to several. Again thanking you very much, Yours very truly,

G Hughes.

Dear Sirs,

After wearing the Appliance 6 months my little boy is completely cured. We were only waiting for time to prove the cure before writing to thank you. He has had 2 trusses and they hurt him, so that he used to cry when I put one on.

While wearing the Appliance he could run and play with the other children as if he was alright.

It was so comfortable that he would cry if I took it off to wash it or to be bathed.

After 6 months' wear the Appliance is as good as when new, and I am keeping it to show anyone who comes. You may use this in any way you please.

Yours gratefully,

A Brannick.

Brooks Appliance Co. Ltd.

Dear Sirs,

I had one of your Appliances in 1920 for Rupture. I must say after about six months I was quite cured of my complaint. I must say that it was a God-send to me after lying on my back for three weeks in a military hospital, pending an operation. I was sent away with an ordinary truss, which was unsatisfactory ; then I came to you, but you said that you could not guarantee to cure me, but in that case you were wrong, which is to my benefit, and I can honestly say that from the time it cured me I have never felt anything wrong with me since.

I can very strongly recommend your appliance to anyone,

I am, yours truly,

J. P. Blowks

Brooks Appliance Co. Ltd.
Dear Sirs,

I feel it my duty to write and let you know that I now *no longer* require your Appliance, for in my case it has made a *CURE*.

I should like to add that being a Conductor for the London General Omnibus Company, out in all weathers, with the up and down stairs, comfort means a lot to us chaps, and I have certainly had that while I used your Appliance.

I only hope others derive the same benefit as myself. Before having your Appliance I had what I term "harness" around me. My word, how soon I threw that off after reading one of your advertisements and having the Appliance.

You are welcome to use this letter if you think fit.

Hoping others will receive the same comfort and benefit that I have done, and again thanking you,

I am, dear Sirs,

Yours respectfully,

E. Woodward.

Dear Sirs,

I write to thank you very much for your kind attention regarding my little boy's rupture. He is now completely cured, and can romp about as well as any other boy. He feels nothing of the trouble now, and I have never heard him complain since he wore your Appliance.

It is certainly a splendid cure for children's rupture.

You may, with pleasure, refer any mother to me who has a ruptured child.

Brooks Appliance Co. Ltd.

Dear Sirs,

I am pleased to say I have no need to renew your Appliance, because, thanks to the use of it, I am now completely cured of my rupture. I have had no need to wear your Appliance since the end of last year because my doctor informed me my rupture was completely cured.

I am delighted to be able to tell you that after allowing myself over six months since last wearing your Appliance to prove that the cure is complete, I am assured of that fact, and only after two years of wearing the Appliance, which proves that they are all you say they are, and I think I can speak from experience after wearing other trusses ***ever since I was a child.***

I am now 38 years of age. It gives me much pleasure to be able to write you this, and you have my permission to use it in whatever way it pleases you.

Yours sincerely,

Trusses Proved Useless—Our Appliance Cured in 6 months.

7, Manchester Road,
Walkden, Nr. Manchester.

Brooks Appliance Co. Ltd.
Dear Sirs,

I am pleased to inform you that your Appliance has done all that you claim for it, and that my daughter is now entirely free from rupture. The cure evidently took place during the first six months, but as your Appliance was so comfortable to wear we kept it on for twelve months, partly in fear that the rupture would return on account of the child being so rough. She has since been examined by a doctor, who states that she has now no sign of rupture.

I cannot speak too highly of your Appliance, and am exceedingly thankful to you for the assistance given in all your correspondence.

Before sending to you she had had other appliances which proved entirely useless; my child will probably carry scars the rest of her life through wearing trusses. With your system this is impossible, as they cause no friction whatever. I shall not fail to recommend you to any case I come across.

Again thanking you,
I remain,
Yours very sincerely,

J. Stephenson,

Miss Stephenson when she was 5 years old.

Thirteen Years Pass, and Still No Trace of Rupture.

Brooks Appliance Co. Ltd. 7, Manchester Road,
Dear Sirs, Walkden, 2/2/23.

I purchased one of your Appliances for my little girl when she was 5 years old, which did all you claim for it, and my daughter is now entirely cured of rupture.

As a precautionary measure, and owing to the Appliance being so comfortable to wear, we kept it on her for twelve months, but after that she was examined by a Doctor, who said there was no trace of rupture.

Since that time there has never been any sign of the trouble, and my daughter is now 18 years old.

I cannot speak too highly of your Appliance, and am exceedingly thankful to you for the assistance given to us.

Before sending to you my daughter had other appliances which proved entirely useless, and we can truthfully say that your Appliance did all that you claim for it.

I shall not fail to recommend you at any time. and again thanking you,

I remain,
Yours very
sincerely.

Ruptured from Birth—Cured.

94 Van Road,

Brooks Appliance Co. Ltd.
Dear Sirs,

I can never speak too highly of the cure your Appliance has worked on my child. He was ruptured from birth ; operation and doctors failed to cure him. I believe him to be perfectly cured, thanks to you alone.

There is not the least sign of the rupture, and he romps and plays about all day long. His health is greatly improved, and he never complains of any pain now.

I can safely say the Appliance can be worn with comfort My little boy never once said about it being on him, and if you want to ask me anything further I shall be only too pleased to inform you. He is five years old and shows every sign of enjoying life.

Again thanking you, I am,

Yours faithfully,

Dear Sirs,

The Rupture Appliance you have supplied to my two sons have been the means of complete cures. The Appliance is most comfortable to wear, causing no irritation whatever.

They wore other kinds of trusses previous to yours with great discomfort and no improvement.

Was losing Weight—now Well

"Lyndhurst,"
92, Bridge Road,
Grays, Essex.

Brooks Appliance Co. Ltd.

Dear Sirs.

It is with great pleasure I write to inform you that your Appliance has been thoroughly successful in the rupture of my little boy. With the spring truss it was always coming down, and I had to take him to the doctor two or three times a week, who said that an operation was absolutely necessary.

He has worn your Appliance twelve months, and has never been taken to the doctor once, as it has never been down all this time. Previous to wearing your Appliance my child could not eat and was losing weight, and it distressed me very much, but a short time after the Appliance was put on it was remarkable to notice the improvement, he is now in splendid condition, and has regained his appetite thoroughly.

I hardly know how to thank you sufficiently for the marvellous invention which has been the means of curing one that meant so much to me, and I write this letter so that any mother who has a child ruptured will not continue to torture her child by wearing a spring truss, as it is only waste of time and money, but will send for one of your Appliances, which I feel sure cannot be otherwise than successful.

Yours gratefully, Mrs A. A. Darkin

Absolutely Cured—Now A.1.

2, Sandgate Terrace,

Brooks Appliance Co. Ltd.

Dear Sirs,

I have great pleasure in writing these few lines in answer to the last order form you sent me, and I am very thankful to you, and would say that I shall not need it, as I am absolutely cured from rupture by the Appliance I had from you about 9 months ago, but I only wore it 6 months, and I rode a bicycle all the time I was wearing it regularly every day to work.

When I came out of the army I was B.1. and my sister recommended your Appliance to me, as her little boy was cured by same, and I think that if I were to join up again I should be A.1. from nothing else but your cure.

I will bring this letter to a close thanking you again very, very, much for the good I have received from the Appliance, which I had from you.

Yours truly,

No further use for Appliance—

23, Colombo Street,

Brooks Appliance Co. Ltd.

Dear Sirs,

I wish to say that I have discarded my Appliance, having no further use for it. I am grateful to be able to say that it is in every respect able to fulfil all that you claim for it.

I believe there are no Appliances which can be used with so much ease, comfort, and efficacy, as yours, and I shall at all times, as opportunity offers, recommend it.

My Appliance is in first-class order. I have cleaned it, which has made it look very little worse for wear. I shall keep it, so that all I meet can see what they are like. I shall not part with it.

I thank you very much, and you may rest assured that upon every opportunity given me I shall not fail to recommend it, for it is of the best and most comfortable.

I am, sir, yours gratefully,

Real Success

189, Liverpool Road,
Irlam, Lancashire.

Brooks Appliance Co. Ltd.

Dear Sirs,

Your Rupture Appliance, which I received last December, has been a real success. I have been connected with brass bands, blowing an instrument, for over twenty years, but I was compelled to give over blowing six months before I read about your Appliance. I have now worn it six months, and I am glad to say that I can blow an instrument as well now as ever I could without the slightest effect.

I cannot express my feelings to you for the comfort I have had. For all I know the rupture is cured, but I still keep the Appliance on for it is so easy, in fact, one does not know it is on, but still it is safe.

I cannot speak highly enough of your Appliance, and will be happy to recommend it to those who suffer from rupture. If you wish to use these few words of recommendation you are at liberty to do so.

Thanking you very much,

I remain, yours faithfully,

13, Church Street,

Brooks Appliance Co Ltd

Dear Sirs,

I now take the pleasure of writing to you to tell you what great benefit I have received from your Appliance. It has worked like a miracle with me. Before wearing your Appliance I could not walk a little distance or lift anything without being in agony or pain. But now, thanks to your Appliance, I can do anything and walk for miles without the least effort. I can truthfully say that your Appliance has cured me, and I shall be proud to recommend it to anyone I know that is ruptured. I cannot praise it enough. You may make what use you like of this letter. Once again thanking you, I remain,
